[The Marine Corps Martial Arts Program](#) United States Marine Corps 2013-06 Marine Corps Reference Publication (MCRP) 3-02B. Marine Corps Martial Arts Program (MCMAP), is designed for Marines to review and study techniques after receiving initial naming from a certified Marine

Corps martial arts instructor or martial arts instructor trainer. It is not designed as a self-study or independent course. The true value of Marine Corps Martial Arts Program is enhancement to unit training. A frilly implemented program can help instill unit esprit de corps and help foster the mental, character, and physical development of the individual Marine in the unit. This publication guides individual Marines, unit leaders, and martial arts instructors/instructor trainers in the proper tactics, techniques, and procedures for martial arts training. MCRP 3-02B is not intended to replace supervision by appropriate unit leaders and martial arts instruction by qualified instructors. Its role is to ensure standardized execution of tactics, techniques, and procedures throughout the Marine Corps. Although not directive, this publication is intended for use as a reference by all Marines in developing individual and unit martial arts programs. For policy on conducting martial arts training, refer to Marine Corps Order 1500.59, Marine Corps Martial Arts Program (MCMAP). **WARNING** Techniques described in this manual can cause serious injury or death. Practical application in the training of these techniques will be conducted in strict adherence with training procedures outlined in this manual as well as by conducting a thorough operational risk assessment for all training.

U.S. Navy SEAL Sniper Training Program U.S. Navy 2011-06 The complete training manual used by the Navy SEALs to prepare and equip its sniper forces.

Spy Secrets That Can Save Your Life Jason Hanson 2015-09-22 The New York Times bestseller that reveals the safety, security, and survival techniques that 99% of Americans don't know—but should. When Jason Hanson joined the CIA in 2003, he never imagined that the same tactics

he used as a CIA officer for counter intelligence, surveillance, and protecting agency personnel would prove to be essential in every day civilian life. In addition to escaping handcuffs, picking locks, and spotting when someone is telling a lie, he can improvise a self-defense weapon, pack a perfect emergency kit, and disappear off the grid if necessary. He has also honed his “positive awareness”—a heightened sense of his surroundings that allows him to spot suspicious and potentially dangerous behavior—on the street, in a taxi, at the airport, when dining out, or in any other situation. In his engaging and empowering book *Spy Secrets That Can Save Your Life*, Jason shares this know-how with readers, revealing how to:

- prevent home invasions, carjackings, muggings, and other violent crimes
- run counter-surveillance and avoid becoming a soft target
- recognize common scams at home and abroad
- become a human lie detector in any setting, including business negotiations
- gain peace of mind by being prepared for anything instead of uninformed or afraid

With the skill of a trained operative and the relatability of a suburban dad, Jason Hanson brings his top-level training to everyday Americans in this must-have guide to staying safe in an increasingly dangerous world.

U.S. Marine Close Combat Fighting Handbook United States Marine Corps. 2011-01-26 There are currently more than 200,000 active-duty U.S. Marines and another 40,000 in the reserves. These Marines depend on the skills and techniques taught in this concise manual—and now you can too! Today's Marines operate in conflict situations that change from low intensity to high intensity over a matter of hours. This fully-illustrated guide features both the lethal and nonlethal techniques needed to responsibly handle any situation without unnecessarily escalating the violence. The U.S. Marine Close Combat Fighting Handbook explains the methods to quickly neutralize any attacker in close quarters and teaches you how to use any part of the human body as a weapon. It covers breaking a fall, defending against headlocks and chokes, protecting against punches and kicks, surviving armed attackers and more.

The Official CIA Manual of Trickery and Deception H. Keith Melton 2009-11-03 Once a top-secret training manual for CIA field agents in the early Cold War Era of the 1950s, *The Official CIA Manual of Trickery and Deception* is now available to the general public. An amazing historical artifact, this eye-opening handbook offered step-by-step instructions to covert intelligence operatives in all manner of sleight of hand and trickery designed to thwart the Communist enemy. Part of the Company's infamous MK-ULTRA—a secret mind-control and chemical interrogation research program—this legendary document, the brainchild of John Mulholland, then America's most famous magician, was believed lost forever. But thanks to former CIA gadgeteer Bob Wallace and renowned spycraft historian H. Keith Melton, *The Official CIA Manual of Trickery and Deception* is now available to everyone, spy and civilian alike.

Wild Food Plants of Australia Tim Low 1991 Tim Low has provided a truly reliable guide to our edible flora, making identification easy. Thus it is a

perfect companion for bushwalkers, naturalists, scientists and, with emphasis on wild food cuisine, gourmets. Low describes more than 180 plants - from the most tasty and significant plant foods of southern and eastern Australia to the more important and spectacular inland and tropical foods. Distribution maps are provided with each description plus notes on how these plants were used in the past and can be used today. Beautifully illustrated with colour photographs and line drawings there is also a guide to poisonous and non-poisonous plants, and information on introduced food plants, the nutrients found in wild food plants, on bush survival, and how to forage for and cook with wild plants.

SAS Ultimate Guide to Combat Robert Stirling 2012-04-20 I've written this book to help you - the soldier - kill the enemy when you get the chance and, most importantly, come back home in one piece. To achieve this aim I've covered combat training from boot camp up to the level required of a Special Forces soldier. And then gone on to add a few tricks of my own. I've done a bit of soldiering (Northern Ireland, SAS deployments, Bush Wars in Africa, life as a merc) and been in my fair share of fire-fights. I've only been wounded twice and learnt from both occasions. I'm going to use my experience to teach you to play the game. I'm not going to teach you how to survive in snowy mountains for a month with only one tea-bag or how to kill a room full of people with only a toothpick. There are plenty of books that do that already. This book will teach you how to fight and survive war in the 21st century from the tools of the trade, to avoiding getting shot or blown-up, from surviving an interrogation to defending a position. This is a book not for the faint hearted. But then neither is war.

The Ultimate Survival Medicine Guide Joseph Alton 2015-08-04 No one knows what the next disaster will be: earthquake, Coronavirus, flu epidemic, flood, terrorist attack. But everyone should know how to survive a medical emergency if a medical professional isn't available. From Dr. Joe Alton and Amy Alton ARNP comes an updated edition of their bestseller *The Survival Medicine Handbook*. This unique medical book is

meant to enable the average person to handle injuries and illness in situations in which modern medical facilities and professionals aren't available due to a disaster. This book is written by America's top medical preparedness experts: Joe Alton, MD, and Amy Alton, ARNP. Their mission: to put a medically prepared person in every family for when medical help is not on the way. Using decades of medical experience, they address, in plain language, dozens of medical issues associated with surviving disasters and epidemics. The Altons also discuss the medical supplies needed to become a medical asset to your family and community as well as alternative and natural strategies for when pharmaceuticals aren't available. Topics include: Appendicitis and Conditions that Mimic It Urinary Tract Infections Mosquito-Borne Illnesses Allergic Reactions and Anaphylaxis Head Injuries Animal Bites Snake Bites Head injuries Kidney Stones Dislocations and Fractures Nosebleeds Pain Medications Natural Pain Relief And much much more! Most medical books will send you to the doctor or hospital when an emergency happens. The Altons assume that the worst might actually happen—that the average person could be left without medical help in a disaster. With their book, you can keep your family healthy in times of trouble.

Trident K9 Warriors Mike Ritland 2013-04-15 As Seen on "60 Minutes"! As a Navy SEAL during a combat deployment in Iraq, Mike Ritland saw a military working dog in action and instantly knew he'd found his true calling. Ritland started his own company training and supplying dogs for the SEAL teams, U.S. Government, and Department of Defense. He knew that fewer than 1 percent of all working dogs had what it takes to contribute to the success of our nation's elite combat units, and began searching the globe for animals who fit this specific profile. These specialized canines had to pass rigorous selection tests before their serious training could begin. The results were a revelation: highly trained working dogs capable of handling both detection and apprehension work in the most extreme environments and the tensest of battlefield conditions. Though fiercely aggressive and athletic, these dogs develop a close bond with the handlers they work side by side with and the other team members. Truly integrating themselves into their units, these K9 warriors are much like their human counterparts—unwavering in their devotion to duty, strong enough and tough enough to take it to the enemy through pain, injury, or fear. For the first time ever, the New York Times bestseller *Trident K9 Warriors* gives readers an inside look at these elite canines—who they are, how they are trained, and the extreme missions they undertake saving countless lives, asking for little in the way of reward. From detecting explosives to eliminating the bad guys, these powerful dogs are also some of the smartest and most highly skilled working animals on the planet.

Complete Krav Maga Darren Levine 2016-06-14 “Darren Levine has my unqualified support and gratitude for his contributions to Krav Maga.” –Imi Lichtenfeld, founder of Krav Maga **THE TOP-SELLING GUIDE TO KRAV MAGA IN AN UPDATED AND EXPANDED EDITION** All the defense moves in *Complete Krav Maga*—from beginner Yellow Belt to advanced Black Belt—are described in depth and illustrated with step-by-step photos:

- BEGINNER: Punches, kicks, knee strikes and defense movements
- INTERMEDIATE: Counterattacks against knives, guns and sticks
- ADVANCED: Advanced strikes and ground fighting techniques

Based on the principle that it is best to move from defense to attack as quickly as possible, *Complete Krav Maga* teaches fast-escape maneuvers combined with powerful counterattacks. Whether you are big or small, male or female, young or old, you can use Krav Maga to protect yourself by exploiting an assailant's vulnerabilities.

Among Heroes Brandon Webb 2015-05-26 Navy SEAL sniper and New York Times bestselling author Brandon Webb's personal account of eight of his friends and fellow SEALs who made the ultimate sacrifice. “Knowing these great men—who they were, how they lived, and what they stood for—has changed my life. We can't let them be forgotten. We've mourned

their deaths. Let's celebrate their lives.”—Brandon Webb As a Navy SEAL, Brandon Webb rose to the top of the world's most elite sniper corps, experiencing years of punishing training and combat missions from the Persian Gulf to Afghanistan. Along the way, Webb served beside, trained, and supported men he came to know not just as fellow warriors, but as friends and, eventually, as heroes. This is his personal account of eight extraordinary SEALs who gave all for their comrades and their country with remarkable valor and abiding humanity: Matt “Axe” Axelson, who perished on Afghanistan's Lone Survivor mission; Chris Campbell, Heath Robinson, and JT Tumilson, who were among the casualties of Extortion 17; Glen Doherty, Webb's best friend, killed while helping secure the successful rescue and extraction of American CIA and State Department diplomats in Benghazi; and other close friends, classmates, and fellow warriors. These are men who left behind powerfully instructive examples of what it means to be alive—and what it truly means to be a hero.

INCLUDES PHOTOGRAPHS

Navy SEAL Sniper Glen Doherty 2017-01-03 The sniper is a battlefield threat second to none. Mastering the art of marksmanship is critical but is only part of what makes a Navy SEAL sniper. Snipers must be able to apply the craft in an urban environment or alone on a hostile mountain top with equal effectiveness. Today's sniper must not just leverage technological advances but also have the foreknowledge to select the best rifle and gear for the mission. Increasingly, he must have the mental toughness to adapt to a constantly changing environment, gather intelligence, and truly act as a force multiplier. In this comprehensive look through the eyes of former Navy SEAL sniper instructor Brandon Webb and fellow Navy SEAL snipers Chris Kyle and Glen Doherty, the authors reveal not just the fundamentals of marksmanship but also the science of shooting, stalking, and camouflage and how technological advances have changed the training and increased the effectiveness of the modern sniper. Including maritime, helicopter, and urban sniper operations, this updated edition also goes into detail on the latest research, development, testing, and evaluation of weapons and optics. From the basics like compensating for wind and bullet drop, to camouflage and placing yourself or your team in the best position to take a photo or pull a trigger, Webb and Doherty cover the critical elements that comprise the twenty-first century sniper.

When Violence Is the Answer Tim Larkin 2017-09-05 This book could save your life: Protect yourself from violence and learn survival skills for dangerous situations with this essential guide from a former military intelligence officer. In a civilized society, violence is rarely the answer. But when it is, it's the only answer. The sound of breaking glass downstairs in the middle of the night. The words, "Move and you die." The hands on your child, or the knife to your throat. In this essential book, self-protection expert and former military intelligence officer Tim Larkin changes the way we think about violence in order to save our lives. By deconstructing our assumptions about violence -- its morality, its function in modern society, how it actually works -- Larkin unlocks the shackles of our own taboos and

arms us with what we need to know to prevent, prepare for, and survive the unthinkable event of life-or-death violence. Through a series of harrowing true-life stories, Larkin demonstrates that violence is a tool equally effective in the hands of the "bad guy" or the "good guy"; that the person who acts first, fastest and with the full force of their body is the one who survives; and that each and every one of us is capable of being that person when our lives are at stake. An indispensable resource, *When Violence is the Answer* will remain with you long after you've finished reading, as the bedrock of your self-protection skills and knowledge.

U.S. Army Guide to Boobytraps Department of the Army 2010-02-04 An official Army field manual explaining the mechanics of boobytraps with diagrams included. Little is more dangerous to U.S. forces fighting insurgents in hot spots around the world than improvised explosive devices. It's the weapon of choice for under-funded forces aimed to attack American soldiers with low risk to themselves. This official U.S. manual is the complete guide to using and dismantling boobytraps. Here you can learn how to assemble, use, detect, and remove boobytraps and demolition items in almost any situation. With intricate and detailed diagrams, you'll discover how army troops can disguise boobytraps in household items such as irons, teapots, and televisions; in structures such as window frames, stairways, and wooden beams; and in outdoor areas, in bushes, and underground. Find out how boobytraps work, why they are used in the army, and the tactics behind their set-up. Learn the mechanics of the various types of firing devices, detonators, fuses, cords, adapters, blasting caps, and lighters. Also included are detailed instructions for detecting and removing boobytraps. The U.S. Army Guide to Boobytraps explains the responsibilities and safety issues that should be thoroughly understood by anyone using any weapon. Any military enthusiast will appreciate the level of detail this field manual offers.

The Right Kind of Crazy Clint Emerson 2019-11-12 Clint Emerson, retired Navy SEAL and author of the bestselling *100 Deadly Skills*, presents an explosive, darkly funny, and often twisted account of being part of an elite team of operatives whose mission was to keep America safe by whatever means necessary. Clint Emerson is the only SEAL ever inducted into the International Spy Museum. Operating from the shadows, with an instinct for running towards trouble, his unique skill set made him the perfect hybrid operator. Emerson spent his career on the bleeding edge of intelligence and operations, often specializing in missions that took advantage of subterfuge, improvisation, the best in recon and surveillance tech to combat the changing global battlefield. MacGyvering everyday objects into working spyware was routine, and fellow SEALs referred to his activities simply as "special shit." His parameters were: find, fix, and finish—and of course, leave no trace. *The Right Kind of Crazy* is unlike any military memoir you've ever read because Emerson is upfront about the fact that what makes you a great soldier and sometimes hero doesn't always make you the best guy—but it does make for damn good stories.

Ultimate Spy H. Keith Melton 2008-11-03 Illustrated with specially commissioned photography and archive material, a guide to the world of espionage covers everything from the daily life of a special agent to the complex world of international agencies.

Over 600 illustrations complement

elaborate explanations of how to improvise any number of munitions from easily accessible resources. Whether you're a highly trained soldier or simply a civilian looking to be prepared, the U.S. Army Improvised Munitions Handbook is an invaluable addition to your library.

SAS Urban Survival Handbook John "Lofty" Wiseman 2013-04-10 John "Lofty" Wiseman is the author of the bestselling SAS Survival Handbook, the definitive guide to survival in the wild from Britain's Special Air Service. Now he has compiled a complete guide to survival in the urban jungle. Every year in America there are thousands of fatal accidents in the home—more than on the roads, and many more than in the great outdoors. Fire, electricity, water, gas, sharp knives, poisons, chemicals—these valuable tools can quickly become dangerous weapons when not treated with proper respect and understanding. Add to these the risks of travel, terrorism, muggings, rape, tsunamis, and earthquakes. We are constantly reminded that the world is a dangerous place. Wiseman shows readers how to think realistically and practically about these perils in order to avoid them, whether they are at home, on the street, in school, or in transit. From self-defense techniques to home security systems to coping with natural disasters, this book will teach readers to recognize risks, make quick decisions, and live confidently in the modern urban world.

100 Deadly Skills Clint Emerson 2015-10-13 A hands-on, practical survival guide from retired Navy SEAL Clint Emerson—adapted for civilians from actual special forces operations—to eluding pursuers, evading capture, and surviving any dangerous situation. In today's increasingly dangerous world, threats to your personal safety are everywhere. From acts of terror to mass shootings, and from the unseen (and sometimes virtual) matrix of everyday crime, danger is no longer confined to dark alleys or unstable regions. Potentially life-threatening circumstances can arise anywhere, anytime, and Clint Emerson—former Navy SEAL—wants you to be prepared. *100 Deadly Skills* contains proven self-defense skills, evasion tactics, and immobilizing maneuvers—modified from the world of black ops—to help you take action in numerous “worst case” scenarios from escaping a locked trunk, to making an improvised Taser, to tricking facial recognition software. With easy-to-understand instructions and illustrations, Emerson outlines in detail many life-saving strategies and teaches you how to think and act like a member of the special forces. This complete course in survival teaches you how to prevent tracking, evade a kidnapping, elude an active shooter, rappel down the side of a building, immobilize a bad guy, protect yourself against cyber-criminals, and much more—all using low-tech to “no-tech” methods. Clear, detailed, and presented in an easy-to-understand and execute format, *100 Deadly Skills*

is an invaluable resource. Because let's face it, when danger is imminent, you don't have time for complicated instructions.
