Bent Larsen's Best Games Bent Larsen 2015-01-10 Bent Larsen (1935-2010) was one of the greatest fighters chess has ever seen. In his rich career the great Dane defeated all World Champions from Botvinnik to Karpov. He was a Candidate for the World Championship four times and became one of the most successful tournament players of his time. His uncompromising style and his unorthodox thinking made him popular with chess players all around the globe. In 1967/1968 Larsen won five international elite events in a row, a truly spectacular achievement. His successes were such that Bobby Fischer let him play first board in the legendary match Soviet Union vs. the World in 1970 in Belgrade. Bent Larsen also was a highly original chess writer and an extremely productive chess journalist. Not surprisingly the first chess book that Magnus Carlsen ever studied was written by the strongest Scandinavian player before him. This collection brings together more than 120 of Bent Larsen's best games, annotated by himself. His comments are lucid, to the point, instructive and humorous. Together, these games are a tribute to his genius and a continuous joy to read and play through.

The Global Guide to Animal Protection Andrew Linzey 2013-06-01 Raising awareness of human indifference and cruelty toward animals, The Global Guide to Animal Protection includes more than 180 introductory articles that survey the extent of worldwide human exploitation of animals from a variety of perspectives. In addition to entries on often disturbing examples of human cruelty toward animals, the book provides inspiring accounts of attempts by courageous individuals—including Jane Goodall, Shirley McGreal, Birute Mary Galdikas, Richard D. Ryder, and Roger Fouts—to challenge and change exploitative practices. As concern for animals and their welfare grows, this volume will be an indispensable aid to general readers, activists, scholars, and students interested in developing a keener awareness of cruelty to animals and considering avenues for reform. Also included is a special foreword by Archbishop Desmond Tutu, urging readers to seek justice and protection for all creatures, humans and animals alike.

Something to Say Lisa Moore Ramée 2020-07-14 From the author of A Good Kind of Trouble, a Walter Dean Myers Honor Book, comes another unforgettable story about finding your voice—and finding your people. Perfect for fans of Sharon Draper, Meg Medina, and Jason Reynolds. Eleven-year-old Jenae doesn't have any friends—and she's just fine with that. She's so good at being invisible in school, it's almost like she has a superpower, like her idol, Astrid Dane. At home, Jenae has plenty of company, like her no-nonsense mama; her older brother, Malcolm, who is home from college after a basketball injury; and her beloved grandpa, Gee. Then a new student shows up at school—a boy named Aubrey with fiery red hair and a smile that won't quit. Jenae can't figure out why he keeps popping up everywhere she goes. The more she tries to push him away, the more he seems determined to be her friend. Despite herself, Jenae starts getting used to having him around. But when the two are paired up for a class debate about the proposed name change for their school, Jenae knows this new friendship has an expiration date. Aubrey is desperate to win and earn a coveted spot on the debate team. There's just one problem: Jenae would do almost anything to avoid speaking up in front of an audience—including risking the first real friendship she's ever had.

The Danish Way of Parenting Jessica Joelle Alexander 2016-06-29 International bestseller As seen in The Wall Street Journal—from free play to cozy together time, discover the parenting secrets of the happiest people in the world What makes Denmark the happiest country in the world—and how do Danish parents raise happy, confident, successful kids, year after year? This upbeat and practical book presents six essential principles, which spell out P-A-R-E-N-T: Play is essential for development and well-being. Authenticity fosters trust and an "inner compass." Togetherness is a way to celebrate family time, on special occasions and every day. The Danes call this hygge—and it's a fun, cozy way to foster closeness. Preparing meals together, playing favorite games, and sharing other family traditions are all hygge. (Cell phones, bickering, and complaining are not!) With illuminating examples and simple yet powerful advice, The Danish Way of Parenting will help parents from all walks of life raise the happiest, most well-adjusted kids in the world.

Brain Rules John Medina 2014-09-01 An updated and expanded edition of the international bestseller Most of us have no idea what's really going on inside our heads. Yet brain scientists have uncovered details that every business leader, parent, and teacher should know — for instance, that physical activity helps to get your brain working at its best. How do we learn? What do sleep and stress do to our brains? Why is multitasking a myth? Why is it so easy to forget — and so important to repeat new information? In Brain Rules, Dr John Medina, a molecular biologist, shares his lifelong interest in brain science, and how it can influence the way we teach our children and the way we work. In each chapter, he describes a brain rule — what scientists know for sure about how our brains work — and offers transformative ideas for our daily lives. In this expanded edition — which includes additional information on the brain rules and a new chapter on music — you will discover how every brain is wired differently, why memories are volatile, and how stress and sleep can influence learning. By the end, you'll understand how your brain really works — and how to get the most out of it.
