**Healing Stones for the Vital Organs** Michael Gienger 2009-05-26 Combines healing crystal therapy with the “organ clock” circadian rhythm of each organ system, based on traditional Chinese medicine • Examines 12 organ systems and the gemstones best suited for addressing their health • Provides the key to understanding the organ clock's function and its ability to enhance both diagnosis and treatment One of the chief tools in the traditional Chinese doctor's toolbox is an understanding of the circadian rhythms that govern all the organ systems of the body. In addition to facilitating early and accurate diagnosis, this “organ clock” lets the practitioner apply therapies to the organ's

meridians when they are at their peak functioning point, thereby eliciting the greatest benefit. In this book authors Michael Gienger and Wolfgang Maier have created a simple, yet highly effective self-care treatment system for addressing common health ailments using gemstones and the organ clock. They detail the healing benefits of 83 crystals, indicating the physical as well as emotional, psychic, and spiritual aspects they support in each of 12 major organ systems. For example, the stomach not only receives nourishment for the body, it also fosters the ability to engage in new things in life. Agate and calcite assist this function by giving confidence for new experiences, while aiding in digestion (and processing hard to digest thoughts). Treatments for the stomach should be done between 7:00 and 9:00 a.m., the time we typically take in new nourishment after a night of sleep, to receive maximum results. With each body system in turn, the authors explain how to select the stones best suited to address your current health concerns, the times of day they should be used, and how long treatment should last in order to restore optimum health and prevent the onset of future illness.

*Power Crystals* John DeSalvo 2012-03-26 An exploration of the scientific, historical, and paranormal qualities of quartz crystals and ancient crystal skulls

- Explores the use of crystals throughout history, including their role in Atlantis and in alien technology
- Offers step-by-step instructions to successfully use crystals in scrying, meditation, and Enochian magic
- Includes never-before-published scientific findings on the author’s crystal skull as well as other crystal skulls researched at the British Museum
- Explains how the Space-Time Crystal Matrix connects the physical world with the spiritual and may be the communication technology of the future

Known for his in-depth scientific work on the Shroud of Turin and the Great Pyramid of Giza, John DeSalvo, Ph.D., now sets his sights on quartz crystals and their mystical counterpart, crystal skulls. Exploring the use of crystals from Mesopotamia and ancient Egypt to present-day technology, including their use in ritual and ceremonial magic and their importance in ancient religious literature, he examines the many physical and chemical properties of quartz crystals and explains how their crystalline lattice structure is the key to their amazing abilities, both scientific and paranormal. Reviewing the many paranormal

claims about crystal skulls, DeSalvo reveals the scientific findings on his own ancient crystal skull as well as research by the British Museum on other famous crystal skulls. His investigation also extends to the recent discovery in Tibet of a trove of Dropla discs--grooved stones allegedly recording an ancient alien visit to Earth. Highlighting the use of quartz crystals and crystal skulls for psychic and spiritual purposes, DeSalvo offers step-by-step instructions for their use in scrying, meditation, and Enochian magic, including communication with angels. Reviewing accounts of power crystals in Atlantis and their use in alien technology, he explains how crystals connect the physical world with the spiritual via a powerful communication network linking all crystals and their memories--the Space-Time Crystal Matrix, a spiritual technology lost to the ages but which may become the communication system of the future.

*The Metaphysical Book of Gems and Crystals* Florence Mégemont 2007-12-13 Details the powerful effects of gems as an alternative therapy for physical, psychological, and spiritual healing

- Reveals the physical, healing, and astrological properties of over 70 minerals, along with instructions for maintaining and recharging their powers
- Examines the “life” energy of stones, their basic vibratory patterns, and how this energy is used therapeutically to treat various disorders
- Shows how to use gems in color therapy and to harmonize the chakras

Gemstones have been used for both therapeutic and spiritual purposes since the beginning of time and in all traditions. Used properly, they can contribute to and accelerate healing through the practice of lithotherapy, which uses gems and minerals to restore enzymatic functions, and they can energize spiritual development. Alternative medicines such as homeopathy have given prominence to the therapeutic character of certain minerals, but the use of gemstones in expanding awareness or establishing a holistic, energetic connection with the stone itself have scarcely been brought forward. In this reclaiming of ancient

wisdom, Florence Mégemont explores the many potent and beneficial dimensions of the mineral world. Over 70 precious and semiprecious stones are inventoried as to their principal deposits, therapeutic applications, and zodiac correspondences. Readers will discover which physical and emotional disorders can be relieved by using which minerals and--with the application of chakra therapy--which gemstones are indispensable to their spiritual health. While not proposing that lithotherapy is a substitute for traditional allopathic treatment, Mégemont shows that it can be a powerful complement to it. Additionally, stones can act preventively, energizing both our health and spiritual resources to a state of balance and attunement.
