The challenges of being a parent—Would you completely rewrite your child's college-application essays if it would help him get into a better school? The never-endingly interesting topic of sex—Would you be willing to give up sex for a year if you knew it would give you a much deeper sense of peace than you now have? And of course the meaning of it all—If you were handed an envelope with the date of your death inside, and you knew you could do nothing to alter your fate, would you look? The Book of Questions may be the only publication that challenges—and even changes—the way you view the world, without offering a single opinion of its own.

*We Are Not Like Them* Christine Pride 2021-10-05 A GOOD MORNING AMERICA BOOK CLUB PICK Named a Best Book Pick of 2021 by Harper's Bazaar and Real Simple Named a Most Anticipated Book of Fall by People, Essence, New York Post, PopSugar, New York Newsday, Entertainment Weekly, Town & Country, Bustle, Fortune, and Book Riot Told from alternating perspectives, an evocative and riveting novel about the lifelong bond between two women, one Black and one white, whose friendship is indelibly altered by a tragic event—a powerful and poignant exploration of race in America today and its devastating impact on ordinary lives. Jen and Riley have been best friends since kindergarten. As adults, they remain as close as sisters, though their lives have taken different directions. Jen married young, and after years of trying, is finally pregnant. Riley pursued her childhood dream of becoming a television journalist and is poised to become one of the first Black female anchors of the top news channel in their hometown of Philadelphia. But the deep bond they share is severely tested when Jen's husband, a city police officer, is involved in the shooting of an unarmed Black teenager. Six months pregnant, Jen is in freefall as her future, her husband's freedom, and her friendship with Riley are thrown into uncertainty. Covering this career-making story, Riley wrestles with the implications of this tragic incident for her Black community, her ambitions, and her relationship with her lifelong friend. Like Tayari Jones's *An American Marriage* and Jodi Picoult's *Small Great Things*, *We Are Not Like Them* explores complex questions of race and how they pervade and shape our most intimate spaces in a deeply divided world. But at its heart, it's a story of enduring friendship—a love that defies the odds even as it faces its most difficult challenges.

His mother, who rejects the liquor business, uses some of the money to secure a proper house for the family. Mr Lindner, a representative of the all-white neighbourhood, tries to buy them out. Walter sinks the rest of the money into his business scheme, only to have it stolen by one of his partners. In despair Walter contacts Lindner, and almost begs to buy them out, but with the help of his wife, Walter finally finds a way to assert his dignity. A Raisin in the Sun was the first play written by a black woman to be produced on Broadway and won the New York Drama Critics Circle Award. Hansberry was the youngest and the first black writer to receive this award. Deeply committed to the black struggle for equality and human rights, Lorraine Hansberry's brilliant career as a writer was cut short by her death when she was only 34. **Discovering the Brain** National Academy of Sciences 1992-01-01 The brain ... There is no other part of the human anatomy that is so intriguing. How does it develop and function and why does it sometimes, tragically, degenerate? The answers are complex. In *Discovering the Brain*, science writer Sandra Ackerman cuts through the complexity to bring this vital topic to the public. The 1990s were declared the "Decade of the Brain" by former President Bush, and the neuroscience community responded with a host of new investigations and conferences. *Discovering the Brain* is based on the Institute of Medicine conference, Decade of the Brain: Frontiers in Neuroscience and Brain Research. *Discovering the Brain* is a "field guide" to the brain--an easy-to-read discussion of the brain's physical structure and where functions such as language and music appreciation lie. Ackerman examines How electrical and chemical signals are conveyed in the brain. The mechanisms by which we see, hear, think, and pay attention--and how a "gut feeling" actually originates in the brain. Learning and memory retention, including parallels to computer memory and what they might tell us about our own mental capacity. Development of the brain throughout the life span, with a look at the aging brain. Ackerman provides an enlightening chapter on the connection between the brain's physical condition and various mental disorders and notes what progress can realistically be made toward the prevention and treatment of stroke and other ailments. Finally, she explores the potential for major advances during the "Decade of the Brain," with a look at medical imaging techniques--what various technologies can and cannot tell us--and how the public and private sectors can contribute to continued advances in neuroscience. This highly readable volume will provide the public and policymakers--and many scientists as well--with a helpful guide to understanding the many discoveries that are sure to be announced throughout the "Decade of the Brain."

[The Caricature of Love](#) Hervey Cleckley MD 2011-01-01 The Caricature of Love was originally published in 1957 by Hervey Cleckley, the author of the classic text on psychopathy, *The Mask of Sanity*. With his extensive clinical knowledge and experience, in this volume Cleckley plumbs the depths of sexual dysfunction and perversion, exposing their influence on culture and society. While Cleckley's views on homosexuality may be typical of his time, his analysis has broad applications, bringing insight to the dysfunction in homosexual and heterosexual relationships, the probable causes, and the sexual perversion of many of the "leaders" of our literary heritage. From Plato to Marquis de Sade, and Andre Gide to Evelyn Waugh, Cleckley describes the twisted views of sexuality popularized via art and literature, making it highly relevant in today's hyper-sexualized culture. In concert with his more famous work on psychopathy, *The Caricature of Love* sheds important light on the problems of psychopathology. As is becoming increasingly clear in our time, positions of leadership are being saturated with such individuals, manifesting in everything from government incompetence, economic failure, endless wars and civil oppression, to human trafficking and pedophilia rings. Cleckley exposes the nature of what lies beneath those manifestations.
