The Greatest Salesman in the World Og Mandino 2011-01-05

The runaway bestseller with more than four million copies in print! You too can change your life with the priceless wisdom of ten ancient scrolls handed down for thousands of years. “Every sales manager should read *The Greatest Salesman in the World*. It is a book to keep at the bedside, or on the living room table—a book to dip into as needed, to browse in now and then, to enjoy in small stimulating portions. It is a book for the hours and for the years, a book to turn to over and over again, as to a friend, a book of moral, spiritual and ethical guidance, an unfailing source of comfort and inspiration.”—Lester J. Bradshaw, Jr., Former Dean, Dale Carnegie Institute of Effective Speaking &

Human Relations “I have read almost every book that has ever been written on salesmanship, but I think Og Mandino has captured all of them in *The Greatest Salesman in the World*. No one who follows these principles will ever fail as a salesman, and no one will ever be truly great without them; but, the author has done more than present the principles—he has woven them into the fabric of one of the most fascinating stories I have ever read.”—Paul J. Meyer, President of Success Motivation Institute, Inc. “I was overwhelmed by *The Greatest Salesman in the World*. It is, without doubt, the greatest and the most touching story I have ever read. It is so good that there are two musts that I would attach to it: First, you must not lay it down until you have finished it; and secondly, every individual who sells anything, and that includes us all, must read it.”—Robert B. Hensley,

President, Life Insurance Co. of Kentucky

**Gifts from Eykis** Wayne W. Dyer 2010-05-18 Bestselling inspirational author Wayne Dyer's classic parable, with a powerful message for achieving happiness here on Earth, now and forever. How would an intelligent visitor from another planet react to life on Earth? Would we welcome that visitor's presence and views? Are we ready for such an open exchange? Weaving together

science fiction, spirituality, and philosophy with wisdom, humor, and plain common sense, Dyer tells the story of two peaceful beings from different worlds who work together to enhance the well-being of all. The gifts that Eykis, an alien traveling from a distant, Earth-like planet, brings to the people of Earth help them see themselves in a new light, and compel them to rethink their negative actions. Her insightful offerings will move you to new emotions, new behaviors, and a new understanding of humankind's limitless possibilities.

**Parkinson's Treatment** Michael S. Okun 2013-03-16 Parkinson's Treatment English Edition: 10 Secrets to a Happier Life is available in over 20 language translations, so that all worldwide cultures can have access to the secrets that can help those living with Parkinson's disease. Additionally the book addresses all of the new and emerging

Parkinson's disease therapies (stem cells, gene therapy, optogenetics, etc.). The most humbling experience of my life has been the time I have spent with families, and with patients suffering from Parkinson's and chronic neurological diseases. I use the word humbling, because time after time, in person, and also on the web forum, we have uncovered simple and addressable issues and secrets that have changed people's lives. For some sufferers it has meant walking again, for others it has restored their voices, and for many it has resulted in the lifting of a depression, anxiety and desperation cloud that has obscured their dreams, and robbed them of potential unrealized happiness. I never assume a sufferer or family member is aware of the "secrets" that may lead to hope and to a happier life. We must share these secrets, and this is the purpose of this book. Each chapter of this

book reveals an important secret, and with each secret I will explain the insight, the rationale, the empiricism, and the science behind it. In each chapter I will also try to reveal a little more about myself, and a lot more about the patients and talented clinicians who gifted the Parkinson's secrets. These patients planted the seed of faith. They learned to grow hope, and they discovered the core values necessary to achieve happiness despite the chronic illness of Parkinson's disease.

*Secrets of the Millionaire Mind*  
T. Harv Eker 2009-10-13 *Secrets of the Millionaire Mind* reveals the missing link between wanting success and achieving it! Have you ever wondered why some people seem to get rich easily, while others are destined for a life of financial struggle? Is the difference found in their education, intelligence, skills, timing, work habits, contacts, luck, or their choice of jobs, businesses, or investments? The shocking answer is: None of the above! In his groundbreaking *Secrets of the Millionaire Mind*,

T. Harv Eker states: "Give me five minutes, and I can predict your financial future for the rest of your life!" Eker does this by identifying your "money and success blueprint." We all have a personal money blueprint ingrained in our subconscious minds, and it is this blueprint, more than anything, that will determine our financial lives. You can know everything about marketing, sales, negotiations, stocks, real estate, and the world of finance, but if your money blueprint is not set for a high level of success, you will never have a lot of money—and if somehow you do, you will most likely lose it! The good news is that now you can actually reset your money blueprint to create natural and automatic success. *Secrets of the Millionaire Mind* is two books in one. Part I explains how your money blueprint works. Through Eker's rare combination of street smarts, humor, and heart, you will learn

how your childhood influences have shaped your financial destiny. You will also learn how to identify your own money blueprint and "revise" it to not only create success but, more important, to keep and continually grow it. In Part II you will be introduced to seventeen "Wealth Files," which describe exactly how rich people think and act differently than most poor and middle-class people. Each Wealth File includes action steps for you to practice in the real world in order to dramatically increase your income and accumulate wealth. If you are not doing as well financially as you would like, you will have to change your money blueprint. Unfortunately your current money blueprint will tend to stay with you for the rest of your life, unless you identify and revise it, and that's exactly what you will do with the help of this extraordinary book. According to

T. Harv Eker, it's simple. If you think like rich people think and do what rich people do, chances are you'll get rich too!

## **Ten Arguments for Deleting Your Social Media Accounts**

BOOK "THE CONSCIENCE OF SILICON VALLEY"- GQ

“Profound . . . Lanier shows the tactical value of appealing to the conscience of the individual. In the face of his earnest argument, I felt a piercing shame about my own presence on Facebook. I heeded his plea and deleted my account.” - Franklin Foer, The New York Times Book Review  
“Mixes prophetic wisdom with a simple practicality . . . Essential reading.” - The New York Times (Summer Reading Preview) You might have trouble imagining

life without your social media accounts, but virtual reality pioneer Jaron Lanier insists that we're better off without them. In Ten Arguments for Deleting Your Social Media Accounts Right Now, Lanier, who participates in no social media, offers powerful and personal reasons for all of us to leave these dangerous online platforms. Lanier's reasons for freeing ourselves from social media's poisonous grip include its tendency to bring out the worst in us, to make politics terrifying, to trick us with illusions of popularity and success, to twist our relationship with the truth, to disconnect us from other people even as we are more “connected” than ever, to rob us of our free will with relentless targeted ads. How can we remain autonomous in a world where we are under continual surveillance and are constantly being prodded by algorithms run by some of the richest

corporations in history that have no way of making money other than being paid to manipulate our behavior? How could the benefits of social media possibly outweigh the catastrophic losses to our personal dignity, happiness, and freedom? Lanier remains a tech optimist, so while demonstrating the evil that rules social media business models today, he also envisions a humanistic setting for social networking that can direct us toward a richer and fuller way of living and connecting with our world.

Bellamente ilustrado, Eres Increíble usa rimas sencillas e inspiradoras para brindarle a los niños sus propias herramientas para crear la felicidad.

#### **El Gran Cambio** Dr. Wayne W.

Dyer 2010-11-01 El Gran Cambio, libro complementario de la película con el mismo nombre (The Shift) que ilustra cómo y por qué cambiar de la ambición a la realización. Tal cambio elimina nuestros sentimientos de separación, ilumina nuestra conexión espiritual e implica pasar de la mañana dirigida por el ego hacia el atardecer de la vida donde todo se ve influenciado básicamente por nuestro propósito. Cuando contemplamos la mañana de nuestra vida, donde hemos desempeñado un papel, y entramos en la tarde (y en la

noche), donde el significado y el propósito reemplazan la ambición y la lucha, podemos encontrar acontecimientos inesperados que acompañan esta nueva dirección. Es casi una ley universal que experimentemos algún tipo de caída. Sin embargo, esas caídas o puntos bajos proveen la energía que necesitamos para alejarnos del ego y acercarnos a una vida con significado y propósito. El cambio radical no significa que perdamos nuestro impulso y ambición; significa que sentimos ambición por algo nuevo. Nos comprometemos a llevar una vida basada en experimentar un nuevo significado y un sentido de propósito, en lugar de exigencias infinitas y falsas promesas que son la característica principal del ego. Como el doctor Wayne W. Dyer revela tan elocuentemente en estas páginas, todos tenemos la opción de cambiar nuestras vidas de la ambición al significado. . . completando así nuestro regreso a la Fuente que nos creó.
